

BlackRock Appraisals, a division of Orca Machine Tools, Inc., is a specialist in machine tools and industrial equipment appraisals with over 20 years of experience. Our nationally accredited and certified appraisers fully understand the dynamics of each appraisal in the marketplace and/or financial sector. Our consulting response teams travel nationwide in order to accommodate all of your appraisal needs.

We offer professional evaluations of entire plants, production lines or single machines. Our consultants can further advise you of the evaluation that best fits your appraisal needs: fair market value, new replacement cost value, orderly liquidation value or auction value. Your appraisal will comply with USPAP standards.

Because we buy and sell machinery and manufacturing equipment on a daily basis, we constantly have our hand on the pulse of the ever changing market conditions effecting machinery values. Our experience is what keeps our customers coming back for continued reliable and responsive personal service.

We provide accurate, confidential, and timely appraisals for many business needs including:

- Banking & Financing
- Expansion Evaluations
- Mergers & Acquisitions
- Insurance
- Partnership Buyouts
- Divestitures of Surplus Equipment
- Estate Planning & Settlement
